ALPHA & OMEGA

Great Pyramid

Kings Chamber

Five granite slabs

The seminal work of Larry Pahl

Many today are biased even influenced to New Age interpretation of the **Great Pyramid** [GP], others impressed with mathematical constants of the universe with the earth and the overlay of Orion on the GP.

While there be they hoodwinked by the New Age elements –there are those who wish to reach the New Agers with the message of Christ.

Well and good.

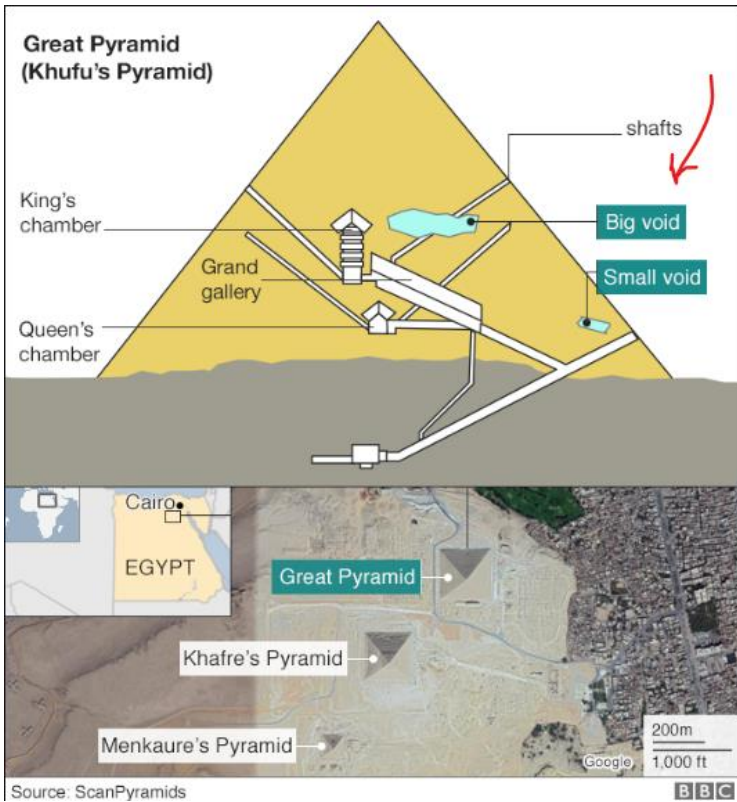

This discussion looks at the shortcomings of RxF theology in context of the **Great Pyramid**; but when compared with Eternal Righteousness of He Who Made who exclaimed He is the ALPHA & OMEGA

Self-Designate, something startling arises with the five-granite block strata of the Kings Chamber and the A&O unravels the enigma of GP.

MYSTERIOUS VOID DETECTED IN THE GREAT PYRAMID

<https://youtu.be/zvYBFVBh5wg>

At 0.44 above - you can see the VOID - It's after the Grand Gallery which is after the Great Step which = 1844.

<https://cdn.preterhuman.net/texts/other/crystalinks/gpschematics.html>

<https://www.nationalgeographic.com/adventure/article/great-pyramid-giza-void-discovered-khufu-archaeology-science>

Roof of the Universe.

The 5 ceiling Chambers in the Kings Chamber are the "5Agendas" of the Sanctuary Doctrine with the final one, being the Altar in the Court, the last ministrations of the Final Atonement leading to the roof of the Universe.

It matches with the **Parable time clock** since the Exodus reveals

6:00 AM departure time to build the Sanctuary.

9:00 AM = the First Agenda of the Sanctuary,

whereas **between 9 and 12**

came the "transgression of desolation," = **Dan 8:13**; thus, hiding the corporate ministrations of forgiveness.

This element from Dan 8 will become clearer in this discussion.

But then between **12 and 3** = Time frame of the Great Step= 1844AD

and then the movement at **5:00 PM to 6:00** reveals the arrival at **midnight** as in the close of probation,

yet that 'darkness' has 3 components

- 1) **Midnight**, go ye out to meet him,
- 2) the **close of probation**
- 3) the Void where -

the 144,000 will stand.

Which Is Mount Zion. = Where no man can work
= the place of **Everlasting Righteousness**
a **deeper** understanding of Midnight

Close of all probation and
standing on the place, where
Eternal Righteousness existed,

and where Satan willed to ascend to,
in order to be like the Most High
= Isa 14

The five ceiling chambers is a concise summary of

Resolution of the SIN PROBLEM

Because - There is no other explanation for the 5 granite strata

The Kings Chamber clearly shows those agendas are for the resolution of the sin problem by way of Eternal Righteousness.

--o--

Now that's interesting!

And besides everyone knows the mummified, the **Egyptian pharaohs** wanted or believed they solved the last enigma

life after death unto eternal life –
hence the 'Great Step'

It could be said the 5 chambers = 5Agendas = Jn 4:22
and much more- however, it is the summary of
Everlasting RIGHTEOUSNESS

That being

- Two Fathers of John 1:1
- Revelation 13:8 = LSFbTFOTW
- ERxF.
- A&O
- Sealing time of 144,000
- In whom is No guile
- Law of Two = John 1:1
- All pointing to Orion. = New Jerusalem above.

And have to give mention as a consequence the time of trouble are

- Trumpets 1-6,
- The three woes,

- the 3.5 yrs of the 1290-days of Matt 24:15
- and the 8th king

While the above details of ERxF and A&O are **generally unknown** – they are published here at 5Agendas; and the Scriptures are the only means of providing a legitimate explanation of solving the kings chamber at the GP –

The fact, remains, evidence was locked in stone and therefore the so-called enigma was intended to be known

because of Isaiah 19:19

– but many lost sight to the purposes of the GP from antiquity - whence in modern times many attempts to solve the enigma with the glitter of science because the GP is infused the math constants, and then the overabundance of new age interpretations –

whereas the evidence, of Isa 19:19 = an altar of Jehovah was all along, about HWM
= Christ and His Eternal Righteousness

and

the Key to opening the GP enigma

is Christ
and His Identity

as **Alpha & Omega** and

John 4:22 unto the ministration of Christ as Great High Priest
On the Day of Atonement

and therefore, the 5Agendas
of the famous king's chamber exists

the 5 granites

and those 5 all along held the meaning, yes –
the full answer of the
resolution of the sin problem

– which is to be found in Scripture.

Otherwise, why the sealing of the “they”
of Revelation 14:1-5

And Revelation chapter 7 is required to be completed?

The Five granite blocks is like opening [Tutankhamun](#) tomb –

but hey,

those Howard Carter treasures are completely insignificant to
the Eternal Righteousness of HWM.

But then there are those who make comparison of the earthly metaphor
looking for treasure ‘Raiders of the lost ark’

but in this case about the ERxF of HWM

it is the **“lost ark”** of the **sanctuary Doctrine = Jn 4:22**
was **unto eternal life**, solving the sin problem in sinful flesh

being not the Ark of the Covenant,
but actually
it’s **ERxF**.

And it can be concluded
ERxF is greater than
Luther’s findings of RxF
posted at Wittenberg.

Why?

Because **ERxF is the Rootstock of RxF.**

And therefore, greater in scope
and purpose.

The essential component [key]
solving the enigma of the Kings Chamber and the GP

ALTAR OF JEHOVAH

[ISAIAH 19:19](#)

¹⁹ In that day shall there be an **altar to Jehovah** in the midst of the land of Egypt, and a pillar at the border thereof to Jehovah.

But why designated as an altar of Jehovah?

To establish EVERLASTING RIGHTEOUSNESS
To establish Eternal Righteousness.

ERxF are Concepts not explored in 1888
by Waggoner & Jones.

Actually, the GP is effectually an altar to Eternal Righteousness – which is unto the Lamb slain from before the foundation of the world = LSFOTW Rev 13:8

Calvary the reality = Dan 9:27.

The Eternal sacrifice = LSFBTOTW = REVELATION 13:8.

Rev 13 the chapter

That chapter points to the LAMB being slain prior to foundation of world. Wouldn't it then be the purpose of the king's chamber?

Hence the altar of Jehovah

**Proving Rod sent = Psa 110:1-4
and decreed to be son = Psa 2:7?**

Cut off in them midst of the week

Yes, and that is the exact reason as to why the GP is excluded from the **Deuteronomy 27's**

requirement, since it is not a sacrificial Altar.

[Duet 27:5-7](#)

⁵And there shalt thou build an altar unto Jehovah thy God, an altar of stones: thou shalt lift up no iron *tool* upon them.

⁶Thou shalt build the altar of Jehovah thy God of ^[a]unhewn stones; and thou shalt offer burnt-offerings thereon unto Jehovah thy God: ⁷and thou shalt sacrifice peace-offerings, and shalt eat there; and thou shalt rejoice before Jehovah thy God.

Granted, that sacrificial altars were made with uncut stones to represent Christ = LSFBTOTW. Yet, the grandeur reveals the 144,000 stones as cut by the hand of HWM and fashioned as a lovely jewel, the heavenly one.

The **144,000 cut casing stones** could be seen if you are standing on the moon.

ORION

it seems the GP is a pointer
to the Heaven Sanctuary via Orion.
And therefore being – as some say “other-worldly.”

Yes, since it's the roof,
which was preceded by the Great Step
being Daniel 8:14 and 1844.

You will recall - The command was to measure not the court Rev 11
Is part of the anti-type Final Atonement.

But how?

Opposite of the Queen's chamber.

Through the Queen's chamber this = Mystery Babylon = Laodicea's **downward spiral.**

What?

Yes, Queens chamber has a downward angle - that's the opposite of the Great Step - which leads into the Grand Gallery on the way up to the 5 chambers in the King's chamber.

The GP = symbolism - why spiritually called Sod & Egypt
Where our Lord was crucified = Revelation 11:8

Well, that's if you take the route of the Queen's chamber. Whereas the 5 chambers and the roof

point to the **Void**.

Whereas - The Queens chamber points to the pit or downward spiral.

The Altar of Jehovah.

As mentioned, it seems the GP is a pointer to the Heaven Sanctuary via Orion.

It would seem to measure "not the court" in Rev 11 Is part of the anti-type Final Atonement.

But how?

Yet the GP holds up by measurements galore

But why an altar of Jehovah?

NO sacrifice offered.

But still an altar.

Just a massive granite template.

An Engineering marvel

With queen and king's chamber

Metaphors for the history of Jn 4:22.

And the recently detected void?

The void = was Satan's objective noted in Isa 14

What the insights of Christ = ALPHA & OMEGA Revelation 22:13,16 is expressing - is the same Key of David and that opens the enigma of the GP.

And therefore, the question can be asked –
Will a claim of the GP by

7th king occur?

Yes indeed -

Related to the treasure of Egypt the “precious things” = Dan 11

But he [7th king] shall have power over the **treasures** of gold and of silver, and **over all the precious things of Egypt**: and the Libyans and the Ethiopians shall be at his steps.

Whereas the saints -

Heb 11:26 –

Esteeming the reproach of Christ greater riches than the **treasures** in **Egypt**: for he had respect unto the recompense of the reward.

That means - any attempt of the 7th and then the 8th king of Revelation 17 to claim ALL the treasures of Egypt as prophesied,

would NOT be about ERxF of HWM

– why?

For the First Angels warning = the reproach of HWM, in whom are greater riches, that should give you a stronger awareness of Revelation 13:8 and ERxF which is between

the two Beasts of that chapter.

Let that sink in.

ENIGMA of the Grand Pyramid

The GP has stood for some 4.5 millennia

but for the purpose, was structured and locked, into stone - in granite.

Seems the enigma has been known by every living mortal facing their own mortality, and for the main answer was always what **the Ancients faced Death and their "beliefs" of eternal life.**

The Pharaonic Death/FUTURE life doctrine is etched in the freezes of the Pharaonic dynasties and their religious beliefs.

So, who was borrowing what from who, exactly?

NAPOLEON BONAPARTE

So, what did Napoleon B experience with **his overnight stay** inside the GREAT PYRAMID in 1798?

No question – Napoleons destiny was revealed in an encounter with the 'gd of this world'? [Here](#)

There's that date once again. **1798**

This is a reminder for the Laodicean.

The 1798 error remains in Laodicea contemporary annals for they have not solved the "mistake in the figures" as noted in [EW p74](#) - No wonder they get badly lost when it comes to explaining the transgression of desolation of Dan 8:13 = "how long" until when the cleansing of the Heavenly Sanctuary. More about this detail later.

But more so – Napoleon, imprisoned on St. Helena,
what did his memoirs convey?

Unable to defeat HWM.

And also, Napoleon the **fifth king** of Revelation 17:10, fifth of the five fallen kings. His experience in overnight stay [Here](#) at the GP -no one knows – but it is a fact - it sure shook-up Napoleon. Did the gd of this world show Napoleon his future? **To end in 1814?**

That date of his defeat was 1814 - turns out to = 1260 yrs of the “Five fallen kings” of **Revelation 17:10** from Justinian in **554** to Napoleon in 1814. And that detail of “five fallen kings” and who they were - is poorly understood. Documented at [fiveagendas](#)

Napoleons encounter

In that encounter of Napoleon in 1798 –
did that indicate the GP become a habitation of demons?

John rendered a specific connection in Revelation 11
the relationship of “**Sodom and Egypt**”
where our Lord was crucified.

And the 42 months is cited

Rev 11:8; 11:2

Revelation 11 provides another connection to the Two Witnesses
and the soon to be experienced 1260 days
of the First B = Revelation 13:5

13:5 **And there was given unto him a mouth speaking great things and blasphemies; and power was given unto him to continue forty [and] two months.**

Reign of the First Beast or 8th king and spiritual war of Revelation 12:17.

Seems the original purpose of the GP was a record in stone but was usurped by Satan and kept purpose hidden.

But till now.

Why?

The Alpha & Omega is the Key that unlocks the GPs inner schematic and establishes why its impossible mathematical coincidences are of **PALMONI**
= Dan 8:13

the Wonderful Numberer - - -

Like - Who today can calculate the sigmas of standard deviation to the math associations at the GP?

The probability of the coincidences of the GP is infinite and can only prove - The Divine Reality – of HWM,

who is the Alpha & Omega decreed via the Divine purpose of Gen 3:15,

which is to say the schematic of the GP is of a greater purpose in exposing Satan's quest to take ownership of the Void, in the Northern Sector

and then,

the GP establishes the Heavenly Sanctuary Doctrine and that objective included the Lamb sacrifice on the

Cross and why?

because the five granites in the Kings Chamber is the metaphor how HWM ministers as our Great High Priest in the

resolving the sin problem in sinful flesh,

otherwise, the 144000 of Revelation 14

- is false

and therefore, the GPs purpose was an altar to Gd

as stated in Isaiah 19:19 – therefore presents the

Biblical doctrine of the Sanctuary which has it antitypical as stated in Dan 8:14, is impossible

to be a forgery.

You may wish to re-read the above before moving on.

But just as the GP illustrated the “**Roof of the universe**” within the **Kings Chamber**, the final conclusion with Larry Pahls seminal work is he often speaks of Christ

But the trouble has been - is everyone is looking at the GP

“through a glass darkly” 1 Cor 13:12 ?

And can only apply and rely on the realm of the doctrine of RxF. Fact is - That won't solve the enigma of the GP.

Only the Higher Divine status of ERxF of HWM solves the GP enigma.

Why?

Easy.

The roof of the Universe presents nothing,
and has “nothing” and will
never have anything
To do with
self-righteousness.

That’s Satan’s invention.

The subject of ERxF and RxF will be discussed in the future.

The Roof of the Universe is replete of one thing –
Eternal Righteousness of HWM

the same Eternal Righteousness
to be ushered in – see Dan 9:24

Why?

For ERxF is in its fullest respect implicitly associated with the First Angels warning of
Revelation 14:6-7, the seal of Gd = Revelation 7 and the final drama of the ages with the
AC and the two B’s of Revelation 13.

CASING STONES

Then down thru history there was the removal of the 144000 casing stones was and this
is the Symbolism of Satan to remove
that objective
Of HWM

and the 5 **steps = 5 agendas**

in the Kings chambers

and the answer was to eternal life
was through no other name
than HWM of Revelation 14:6-7.

But then,
Revelation does provide of that
restoration of the 144,000 = Revelation 14:1-5

The, "they" of Revelation 14:1-5 are sealed at the sealing time
of Rev 7 = Ezek9 (which is now)

And, so,
the question has to be asked

- was it intended that the Sealing time of Revelation 7 = symbolism of a spiritually mature viewpoint of the GP?

and the

- restored, sealed 144000 is understood to occur before the seven trumpets of Revelation 8?

You can think both of those questions through.

Why?

The "They" of Revelation 14:1-5 being the answer to the enigma = Great Step of the non-immortality of the wicked = the 144,000 –

for in their mouth is no guile
their testimony is of HWM and
Paul does say –

Corruption puts on incorruption and
mortal, puts on immortality.
= resolution of the sin problem,
in sinful flesh.

But only through Christ our Great High Priest.

The GREAT STEP

But all along, since the dawn of time the Satanic realm of **self-Righteousness** has DETAINED and smothered

every insight or purpose of every distinction of the Eternal Righteousness of HWM and

obliterated it from
the mind of men

Including completely obliterating the meaning of John 1:1

so that, what is left, is

– the structure and the purpose
of the GP was LOST

let alone why Man was created in the image of Gd.

Piazzì SMYTH

https://en.wikipedia.org/wiki/Charles_Piazzì_Smyth

Piazzì resigned from the Royal Astronomy observatory in 1888 since his ideas were rejected; = Red Dragon's resistance and the findings which would result in the present understanding of the ceiling and 5 chambers leading Everlasting Righteousness.

How do we know this?

It's based on the premise that "1888" is a God ordained heavenly event here on earth which at that time and the present was linked with that monument on earth which is a witness to the Everlasting Righteousness of the Kings Chamber and the void where the 144,000 decorative stones are to stand.

And Under the heading of Pyramidal research ...

Another interesting factor is that Piazzzi brought **Melchizedek** into the picture, saying that it was built by him. This could be by way of the chronology which was heavenly orchestrated;

but it doesn't mean that Melchizedek physically had anything to do in reference to the act of building itself.

Our current research on Melchizedek reveals that he was the Priest of God and that he ministered in the Eternal Righteousness of the slain Lamb prior to the foundation of the world.

The reason as why there is no tomb was on account of the fact of the resurrection in relation to the geometric prophecy in stone. It is natural that after the Christ angle there would be no need for a tomb on account of the resurrection.

CONCLUSION

Its well-known – in the latter 1800s there was extensive measuring of and exploration of the GP by Piazzzi Smyth and his work at the GP was prior to Famous [1888 GC session](#) of Christ and His Righteousness and then, Piazzzi centred his findings on the sacred "[cubit](#)"

Piazzzi Smyth provided the answer ready to be unfolded to the world in the 1890s confirming Daniel 8:14 and 1844.

Think that one thru.

Well, the GP measurements were published.

Piazzzi measured The 1844 cubits = 1844 inches of the ascending passage in the Queens chamber. The distance equalled a near recent theological finding and it was event of Dan 8:14 = 1844 – more commonly understood as the Great Disappointment –

yet, that never changed what the prophecy intended which was being the commencement of the cleansing of the Heavenly Sanctuary = Heb 8-9.

But what happened?

The heavenly ordained event of 1888 GC session at Minneapolis was about of Christ and His Righteousness by two messengers Waggoner & Jones

But, alas, thence came the failure of 1888 and RxF and meant the findings of Piazzzi Smyth would never find The light of day

until

ERXF was known and proven, because ERxF is the Root of RxF.

That John 1:1 was the initial key unto the Alpha & Omega
And then, the Key of Davd was all about HWM
As the A&O and therefore He was ERXF and A&O
= Revelation 13:8.

The Seminal work of LARRY PAHL

<https://youtu.be/GNKM1CN8cW4>

In this interesting video - Larry Pahl relates amongst many things the importance of the math of constants and geometrical structure and ratios and then mentions the

Enigmatic number = Fine structure constant which is one of the major constants, in the universe

FINE STRUCTURE CONSTANT [FSC]

The Greek letter 'Alpha' is used to identify the FSC and Larry in his work located the A&O etched in the GP. What Larry was seeing was the answer to the enigma of the GP.

The FSC is a most "**mysterious number**"
And is set forth in math
as the "**God number**"

Because electrons emit or absorb
Larry explains how science can "see a bit"
but not explain the cross-over phenomenon
from flesh to spirit

which, is as related by Larry
was the border of physical world and spiritual = photons -the ethereal -
that science has got to the point between two worlds –
body and spirit

The "breach" of the Great Step =body -spirit realm
was restored .

This is speaking of none other than
= Ho LOGOS of John 1:1 who in the form of Gd
became incarnate = 1:14

the monogenes theos.

HE who was God, and was with God, became
the monogenes theos and defined Himself as the
Alpha & Omega

[Stop at 6:58](#) –
and proceed carefully

Introduced is the number is 1/137 - a prime number

The 137.5 is extremely significant and in relation to the Alpha and Larry does mention

the resurrection of HWM.

= Alpha & Omega inscriptions Larry discovered

But, as expected, the focus remained in on things like
the association to the templar cross
and while interesting, serve no
beneficial purpose for anything
other than stoking the realms of mysticism.

Larry mentioned [dabar](#) is the fam name = word = holy holies

The **KINGS** chamber

[9.20](#)

the mysterious kings chamber and the **137.5 coffers** needed to fill the spatial area – and
so - that is none other than the handy work of the
= Wonderful Numberer = Dan 8:13

That mysterious number the Gd number = physical matter and light
empty coffer = **Resurrection**

Larry then generalises that of a Divine Author – and even uses the common parlance of
“**Source**” = in “touch with universe”

– **but is that advisable? No!**

Is it common yes.

Is it contrary to HWM who is the Alpha & Omega.

The problem with Pahl was that he only got half way on his thesis and never had the theological firepower to progress.

He detected the time line of the Cross and resurrection along with the Great Step (which was Daniel 8:14 -all along)

but hasn't made any progress since.

That is not a criticism.

Larry's work is seminal work.

The missing portion of Pahl's thesis is he left off at the King's chamber

which revealed 5 ceiling chambers up to the roof

which would have to be the

Northern Void =

Mount Zion.

There is also the parable of the 10 virgins involved

and its relationship to the King's Chamber.

Five wise and five foolish.

The vendors of oil are associated with the downward path of the mystery woman and

her

daughters

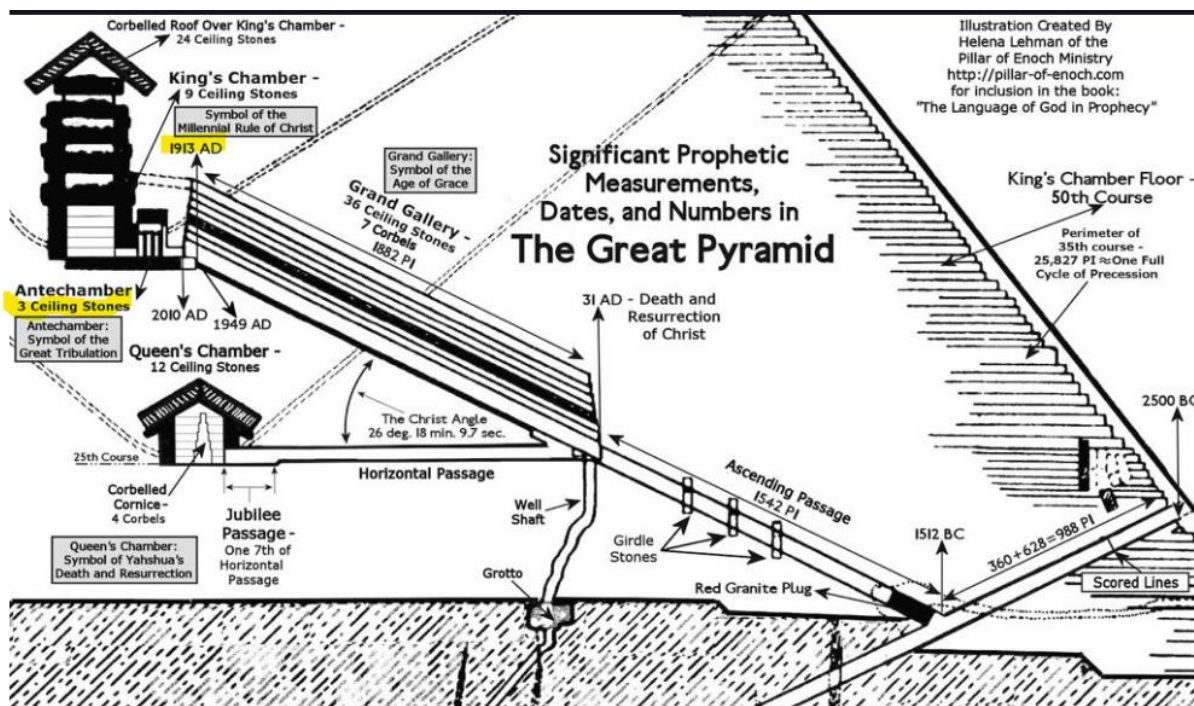

Also, the time line as presented by Larry Pahl begins with the Exodus from Egypt up to the cross

= hours of **6 and 9** then the Great Step Daniel 8:14.

1844 = Great Step and the 3 Angels are to be located near the Great Step. Albeit, there is truly some confusion regarding

3 ceiling stones and the 5 granites

and then the roof structure.

This mapping above is an example of the erroneous **1913** matter instead of **1844** and on top of the roof of Kings Chamber is said to be the 24 stones of which no evidence has been provided.

The 3 ceiling stones are present in the antechamber, ought they not be the 3 Angels messages of Revelation 14? After the Great Step?

SUMMARY

So, it is they who recognise Christ = HWM = ALPHA & OMEGA
and
it is With Him = ERxF = John 1:1 and Rev 13:8

and those epochal insights put
the finishing touches of the GP

which is all about the
kings chamber.

Would HWM wish to sustain the Great Pyramid as a marvel of construction; when it was
in fact served purpose was
an altar to Jehovah? and besides it is as ancient,
as ancient can be, and confirms great things
with Pi and the FSC exists.

There is no question the GP – is a marvel of engineering construction
And being an altar unto Jehovah. = Isaiah 19:19

Pahl concurs the Alpha and Omega
in reference to 137.5 constant

Leonardo da Vinci gets a mention with the Vitruvian man as having the overlay of the
GP symmetry, but as Larry admitted Leonardo
didn't have the "void" understood.

That void = the Mithra story also the Void of the
northern sector = See Isaiah 14

Astronomers have located great void

https://en.wikipedia.org/wiki/List_of_largest_cosmic_structures#List_of_largest_voids

And - Boötes void is referred to as the **Great Nothing**

45.00

Larry says he enjoys studying prophecy and hidden secrets
and encryption in evidence of A&O = HWM and notes the nearness of the time of the
Antichrist

And as has been mentioned the 8th king of Revelation 17 = First B of Revelation 13 = the
king who understands dark sentences
in Dan 8 and = the same 2Thes2 guy –
son of perdition = destruction.

But like anything –
the key to the GP is the “VOID”
and the purpose of the 5 granite blocks is a theological masterpiece of how God resolves
the sin problem in sinful flesh – [here](#)

Especially when it comes to the king’s chamber – and its purpose
but whether there are those who eventually “see” the “5Agendas”
of the Sanctuary Doctrine in representation within the GP
– well, that’s one thing –

but the disputers have to resolve the fact there remains recorded what Isaiah 19:19 stated
-

The fact is the altar unto Jehovah and
what HWM had embedded in STONE
is what they all had missed.

**So how would the GP feature in the war
upon the Phillies
and the
First Angel’s warning?**

Answer

Two references exist for surface readers
immediately available are Revelation 11.
And the Loud Cry of
Revelation 18:1-5,

but again

Was it that the GP - left standing holds a purpose
to illuminate hearts?

Yes.

By Revelation 11 saying "measure not the Court" = Rev 7 ... And sealing time.

And yes, it also has the obvious reference to DoA.

Sealing time

and here is something very important
the sealing time occurs

prior to the 42 months of both Rev 13 and 11

which means the enigma of the GP had to be solved –
because within its structure analysed to the hilt by many
there exists a history lesson and its original Schematic of John 4:22.

You can think that through. If you wish to dispute Dan 8:14 and 1844 you will make no progress at all. Period.

Most who are unfamiliar with Daniel 8 wont "get it" since they all put the Sanctuary Doctrine of Daniel 8:13-14 in the dumpster.

Due to strong and extreme theological prejudices
and a sundry of all the other myopic things.

The GP enigma of the void and all its other mysteries
especially It's scientific mathematical wonderment
remains troubling for sceptics, atheists, agnostics
and the science community and begging them
to all wake up.

Seems so

Have to mention - On several occasions Larry P and Scott Creighton and others have neared the answer – they were tantalising close –

But, missing in their theological repertoire was the Sanctuary Doctrine established by God - it was as if they met a wall –
and then when it came to the Alpha and Omega

bingo they had forgotten who the A&O was
and so by now you can begin to sense the
importance of the series on the ALPHA & OMEGA

Because the A&O is the Key of Davd and resolves = the mystery of
Man made flesh and ethereal light but
As things go
nothing eventuated in their treatises. Why Dan 8:14

Right?

The fact is so, that science and men's minds were drawn very close to the answer, very
near the answer and there was the coffer bin empty = resurrection = Christ

Nevertheless, the **137.5 ratio** is the work of
Wonderful Numberer = Palmoni of Dan 8:13.
Oh, and Not to mention **1047** ratio
of **pi over speed of light**.

The GP stands as a rebuke to Laodicea
Since they had Dan 8:14 correct all along

but got lost in the spiritual weeds

like during 1888 and 1901 with the "Alpha of deadly heresies"

Laodicea "betrayed her sacred trust" during the 1950s where
Laodicea was being suspected as a cult

And during the same time the call to the leadership
for denomination to repent
She refused and what happened?

Then the glory of the Lord departed –
How? in the event of Lk 21:24
Of 1980.

How?

With FBs 2,4,5. The same pharaonic mystery = 1 gd of
The mysterious woman MBMOHS

Laodicea has lost all opportunity to solve the GP enigma
And this is best illustrated by Laodicea
insisting the Most Holy Place was the last ministration
of the FA

and that falsity can never be seen in the 5 granites
of the Kings Chamber – especially when

Lev 16 stated an empathic “no”

due to the fact the last ministration of the high priest on the DoA was **from MHP to the court.**

Laodicea would never have the privilege to solve the GP enigma

Why?

Because Laodicea joined the spiritual
harlotry of the 1g. = FB 2,4,5 in 1980.

Laodicea had available to her
all the components and the theological firepower
to resolve the **A&O of deadly heresies** even
as late as the last SSQ of 2024

[here.](#)

Such is the grace of Gd !

Why? for the purpose of the sealing time. = Rev 7
Which is Just prior to the seven trumpets

Theological constants

Egw penned an important “constant” about the

and further –

the readers should really sit down and read what Egw said in the chapter on the SEAL OF GOD in [5T207-213](#)

for that matter, should include all others who are serious in study of ancient prophecy and even as Larry knows and said the AC is nigh.

Isaiah 19:19

The GP is an Altar and Pillar in the midst of the Land of Egypt

= Land of one g and Polytheism, and Atheism, since Consciousness without Anthropomorphic is a false construct.

The truth Goes further than Pantheism.

Allos, who is divested of human personality, and independent; fills the Universe, but is linked to the Anthropomorphic of HWM

Those “discounting arguments”

Duet 27

⁵ And there shalt thou build an altar unto Jehovah thy God, an altar of stones: thou shalt lift up no iron *tool* upon them. ⁶ Thou shalt build the altar of Jehovah thy God of ^[a]unhewn stones; and thou shalt offer burnt-offerings thereon unto Jehovah thy

God: ⁷ and thou shalt sacrifice peace-offerings, and shalt eat there; and thou shalt rejoice before Jehovah thy God.

Some discount the GP as being an altar - saying that HWM gave specific instructions for building Altars and since the GP is "cut stone", means it doesn't qualify.

But upon closer study in the following verses you will realize that the GP was not for offerings and sacrifices.

Why?

The GP was a history lesson in rock by way of a prophetic timeline.

Add to the fact that it fulfills the required dictum of being in the midst and at the border of Egypt. This is fulfilled prophecy which centres on the location of the GP in Egypt in relation to being located in both Old and New Egypt.

Meaning the border and the middle.

19:19 In that day shall there be an altar to the LORD in the midst of the land of Egypt, and a pillar at the border thereof to the LORD.

The commandment of building an **Altar of uncut stone** was in line with an individual agenda or project,

(and not a building Enterprise like the construction of the First and second Temples)

which required Artisans and all sorts of talented men in the science of engineering.

Isa 19:19-20

¹⁹ In that day shall there be an altar to the Lord in the midst of the land of Egypt, and a pillar at the border thereof to the Lord.

²⁰ And it shall be for a sign and for a witness unto the Lord of hosts in the land of Egypt: for they shall cry unto the Lord because of the oppressors, and he shall send them a saviour, and a great one, and he shall deliver them.

At that time, **in that day**

the story of the BURDEN of Egypt
is being tallied by Isaiah

Was Isaiah looking back into antiquity as to when the altar of Jehovah was built?

Some will say - oh there has to be another altar?

Is it a summary of Egyptian history from HWMs point of view via Isaiah -

the GP is being present by Isaiah around 580BC

it can seem from surface reading the GP was to be built - therefore must be another altar as can be imagined

There will be an altar for the Lord ...

can also convey the fact the altar
was already built. Hence it was
always a sign and witness

It should be noted the presentation of Isaiah was conditional for the Old Vineyard and is to be fulfilled for the 144,000 for presentation to the world in contrast to UC.

Moses was a type of Christ and the delivery system was a system of truth on the timeline Christ 31AD is located, as a deliverer from sin in 31AD, up to the time prior to the entrance Kings chamber - (5 Agendas) to the roof of the world Mount Zion and the void.

HWM is situated in the geometric timeline of the GP and is still the Temple, since the Sanctuary Agendas deal with the Sanctuary Doctrine.

31AD and the Great Step and 5 Agendas of the King Chamber reveal that HWM is the Centrepiece of the GP.

There is the [Exoteric](#) and the [Esoteric](#).

Laodicea, who were entrusted with the Sanctuary Doctrine = Daniel 8:14 were badly bruised even theologically wounded in trying to explain Dan 8:14 and the cleansing of the Heavenly Sanctuary – and

Laodicea, accused of being a cult religion, by [Barnhouse & Martin](#) and many others, was ultimately because and still about the unique Sanctuary Doctrine with Dan 8:14 and 1844.

Laodicea went down the slide, would never solve the GP enigma
Because Laodicea joined the spiritual harlotry
of the Queens Chamber = 1g.
= FB 2,4,5

Yes! Laodicea went into the Queen's chamber
And the downward spiral.

The answer to Laodicea's problems was there for all to see – there in the schematic at the GP- it held both the history lesson and theology lesson
At same time and besides Larry found the A&O
etched in the granite in the GP.

Biblical History Recorded in cut stone at the GP.

And [Piazzì Smyth](#) had it all measured, identifying

the sacred cubit and the
measurement of 1844 cubits
to the Great Step = 1844
of Dan 8:14

and yes

with the historical evidence – the GP was meant to be solved
and it could be said - by the time of 1888 GC session
on Christ and His Righteousness.

due to the findings of the 1844 cubits = 1844
But that GC session was a failure.

**The answer was there at the GP
- recorded in cut stone.**

Theological madness

It is to be noted many theological theories abounded at the time of the 1850s and onwards. Charles Taze Russel of the JWs adopted the [pyramidology](#) theories especially in numerous attempts in dating the Second Coming such as 1913 etc.

Other “out-there theories,” suggested the GP presents that concept of Mother earth impregnated by the sky.

Was this commotion the reason why Laodicea saw
no benefit about the GP
at the time of 1888, even to today?

Well!

Laodicea chose her own betrothal difficulties when she acknowledged in her FBs 2,4,5 and that fully absorbed the theological nutriment of the RCC and that's the downward course

to the Queen that rides over the B
because of Laodicea's Fundies 2, 4,5.

The Theological psychosis

Many of a religious persuasion - for hundreds of years all have attempted trying to solve the enigma of the GP - **never had the depth of theological accuracy to resolve and why it all relates to one thing ...**

Concerning Christ being the ALPHA & OMEGA
and of His eternal Identity as Ho Logos who was with Gd en arche
and with those facts it includes HWM's - Eternal Righteousness

And that accuracy of Eternal Righteousness combined with the Heavenly Sanctuary antitype after the order of Melchizedek for

Resolving the sin problem in sinful flesh was
the preservation of the historic evidence
Conserved in stone confirmed with Isa 19:19,

Why?

Laodicea had the "light" of Dan 8:14
And included the Sanctuary Doctrine and the Final Atonement
but Laodicea dropped the ball
when called out to be a cult over the SANCTUARY DOCTRINE and 1844

And, yet
the answer of the 5 granites slabs in the Kings CHAMBER = 5 agendas
in the king's chamber

was centred all the time in He who is
the ALPHA & OMEGA and Eternal Righteousness
= Revelation 22:13,16 and Revelation 13:8

Think about it.

The ultimate revelation which would serve a specific purpose for the GP would be to prove UC; and so far, this has not been accomplished.

Some might say –

**yes there is that final revelation of the Void, Oh really?
There is also a time line of Christ,
as well as Sanctuary agendas,**

that lead to the 144,000 casing stones and entering the Kings chamber and finding themselves on Mount Zion.

Rather than leading to a hive mind of UC - it is that 5th Agenda prior to entering the roof that contradicts UC.

**The whole idea of the 5 chamber stones is not UC
and the void meeting each other**

**it's the "CLEANSING" of that 5th chamber stone
= (resolving the sin problem) by HWM after the Order of Melchizedek**

**that brings about - true Unity C of John 17
with the King whose chamber**

**is the highest area in the Void
where he will sit with his
144,000 casing stones.**

Who of you can prove that wrong?

The Sanctuary Doctrine

The Anti type as built by Moses / SOLOMON
= shadow of the Heavenly = Heb 8:1-5
required Artists and craftsmen for cutting and shaping
and that was for sacrifice.

Whereas the GP is established along the same lines of the Sanctuary
by **revealing** Christs sacrifice,

as well as 1844 and the
Sanctuary FA,

and then the void
of Mount Zion.

The earthly Sanctuary service – was a copy and shadow of the Heavenly. Just as
Solomon's temple was based on Moses' anti-type.

So - To call the Heavenly Sanctuary the anti-type
is like saying that it's the **Omega**,

since its a Son of David concept,

built by human hands "under the Law" with human genetics;
yet based on patriarchal sacrifice which was
in memory of the Slain Lamb **prior** to
the foundation of the world. (Revelation 13:8)

In reality, it was the **Alpha** as being the first
and based on Everlasting Righteousness,
since **the Lamb slain from prior to the
foundation of the world
was the root teaching**

and this indicates the

adjuncts of the 5 Agendas

were already established
prior to that of Moses.

How?

Well, do yourself a favour and reread Revelation 13:8 with 2Tim 1:19

Also, the unfolding of Truth as it relates to the Sanctuary and its construction was based
on the New Vineyard of 6:00 AM
of Matthew 20:5.

Scripture states that
the **Sanctuary above**
was constructed with
non-human hands.

Of course, since that implies the **deficiency of man's righteousness**
and to take it further = man's **self-righteousness.**

The earthly one, was RxF
since you had to believe in the metaphor that the
blood of bulls and goats
forgave and cleansed sin.

**It was an object lesson of He who is the Alpha
which is not understood,
to this day.**

Nor understood, is the history lesson of the GP.

That is why the Type = Eternal Righteousness as noted in Revelation 13:8 = as Hebrews
8: states

8 [a]Now [b]in the things which we are saying the chief point *is this*:

We have such a high priest, who sat down on the right hand of the throne of the Majesty in the heavens,
² a minister of [a]the sanctuary,
and of the true tabernacle,
which the Lord pitched, not man.

5 AGENDAS

So, how do we know that the 5 stones in the Kings Chamber
= the 5 Agendas?

Well, 5 stands for unmerited favour into the Kings chamber.

What connects this matter to **Daniel 8:14** and the **cross** - is the timeline of the GP from the cross, counting in cubits over to the Great Step being 1844

and what comes in relation to the Great Step = 1844?

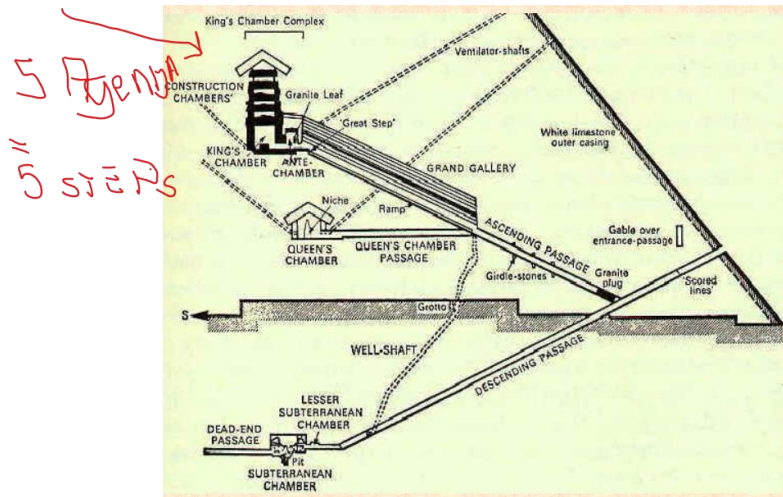

it's the 5 Agendas a system of truth which takes us from the beginning = Heaven which
= slain Lamb over to earth and the

establishment of the Patriarchal sacrifice
and then the cross

and then,

the [5 Agendas](#)

and a return back to the Void of Mount Zion.

Notice that the Void covers the Queen's chamber. It revolves around the fall of Satan and his use of Eve, later in the game, as well as Semiramis= Satan's exaltation of the feminine divine = Astarte and the Virgin Mary and the concept of Sophia in relation to the mysteries

and the woman riding over the Beast,

and over into feminism and the destruction of the family.

Queen's Chamber

The QC = the **downward path of the 5 foolish virgins.**

Queen's chamber = Mystery Babylon the Great and her interpretation of the "mysteries."

It includes Jezebel typical and anti-typical who caused God's servants to eat food offered to idols as well as sexual immorality.

It includes [Queen Vashti](#) who despised the King of Medes and Persians.

It continues in the
one g doctrine,
as well.

And so, it is to be repeated –

The GRAND PYRAMID is recorded in **Isaiah 19:19**
it's an Altar and Pillar in
the midst of the Land of Egypt
= Land of one g and
polytheism and Atheism

since Consciousness **without** Anthropomorphic of the Elohim,
is a false construct.

The truth Goes further than Pantheism.

Allos Parakletos which is divested of human personality and independent, fills the
Universe but is linked to the Anthropomorphic.

The GP is a history lesson in stone

Yes, you got it – you read that right

Its HWM who is **the true ALPHA & OMEGA**
and the key that unlocks the
enigma of the GP
as interesting as that is ...

Are you now sensing the CRITICAL IMPORTANCE of
the First Angels warning Revelation 14:6-7
in its connection
to John 1:1 and Rev 13:8 and 22:13,16

to Fear God and worship
HE WHO MADE = HWM
or
worship the B and his image.

For those sceptical of the discussion of five agendas of Kings Chamber of the GP is true? Can you explain why Daniel says the [7th king] of Dan 11:40-45 is involved with **all precious things of Egypt**?

⁴² He [7th king] shall stretch forth his hand also upon the countries: and the land of Egypt shall **not** escape.

⁴³ But he shall have power over the treasures of gold and of silver, and over **all** the precious things of Egypt: and the Libyans and the Ethiopians shall be at his steps.

Is Dan 11:43 confirming the **king of the north** that in relation to the GP - experiences the same demise as Napoleon [fifth king of Revelation 17:10] who was visited by the 8th king in the GP?

Well – think about it
God said The seventh lasts a short space and none shall help him.

17:10 And there are seven kings: five are fallen, and one is, [and] the other is not yet come; and when he cometh, he must continue a short space.

17:11 And the beast that was, and is not, even he is the eighth, and is of the seven, and goeth into perdition.
