

*"Watchman,
what of the night?"*

*"The hour has come, the hour is striking, and striking at you,
the hour and the end!"* Eze. 7:6 (Moffatt)

Great Pyramid Update

The recent discoveries of silhouettes of underlying "cylinders" at the Great Pyramid (GP) represents the science of "Acoustic fingerprints" in this podcast [here](#) and in this podcast the folk never once let go of the mystique and purpose of the GP, and the outreach to the Universe. The guys suggested a rewrite of human history is in order due to recent finds in the underground labyrinth. Consensus is the GP existed prior to the Diluvian era, and the pyramids, are not tombs.

The [Law of information theory](#) is introduced, that today is as an important scientific analytical tool. [Claude Shannon](#) defined the science was the key to unlocked information, and describing there are laws about limited information, [said](#)

'unbreachable limits on precisely how much info can be communicated between any two components of any system, whether manmade or biological'

A simplistic definition. But how much insight emerges from the little "information" left in stone of the GP was for men to discover the Creator of the Universe, and the **Law of Two**.

Apparently for most "little information" was left in stone.

Does the Bible unveil the necessary insights to be revealed?

This is a crucial question and sits well with the Law of Information theory. Keep in mind, the only writing existing in the GP is the recording of **four versions** of "**Alpha & Omega**."

These etchings of the Alpha & Omega were discovered relatively recently, and so what does the principle of "Law of Information" bring about?

Well, by the virtue of the Alpha & Omega revealed is John 1:1 and the L2!

So, does the Revelation of Christ as Alpha & Omega in symbolism then bring the L2 to the forefront?

Yes

At the time of the final era Three Angels Messages just prior to the Apocalypse?

Yes

Especially, the context of the First Angels warning which is about the L2 v L1 anyway.

Yes.

Well, **you** be the judge!

Many unanswerable marvels exist with the GP.

Most see the GP without the Law of Information and it is a "fit-for-a-purpose" enigma.

The question is this –

Does the GP exist for the last generation, just prior to the apocalypse and the Second Coming?

Does the Bible provide answers transcending the profound geometric accuracy?

Yes.

Like does the GP give rise to a window of the Transcendence of the Elohim in respect to the end of the age, the Sealing Time of Revelation 7, the Sanctuary Doctrine, Ezekiel 9, and the war that is noted in Rev 13 between the L1 and the L2!

Yes

Measurements And ancient etchings do not lie.

Etchings of the **Alpha & Omega** recently found have a transcendent meaning and really are easy to understand.

The reason is because the common ppl heard Christ gladly and what did they hear and appreciate? You will have to read the context of Mark 12:37 to see what was up.

And yes, this was discussed previously here at 5A.

Is it that the GP is easier in appreciation was as Isaiah said it was to be **an altar in the midst of Egypt?** [Isa 19:19]

19:20 And it shall be for a sign and for a witness unto the LORD of hosts in the land of Egypt: for they shall cry unto the LORD because of the oppressors, and he shall send them a saviour, and a great one, and he shall deliver them.

Do the **sign** and **witness** define the GP as "fit-for-purpose" record chronology of the history of prior to the Second Coming of HWM?

In other words,

why is the GP have association with mirror-mapping the 'astrology of the universe' and then, how does it convey how Gd resolves the sin problem, in sinful flesh?

The latter question the GP provides the answer.

So, more questions must be asked:

Does the GP exist, as based on the **law of information** provide you information to make an **informed decision concerning the Law of 2** vs the **Law of 1?**

All the while, the megalith establishes extremely accurate mathematic symmetries, ancient geometricities, size / ratio of the earth, pointing to the calculation of the speed of light [here](#) and there are ratios of Pi to the earth in latitudinal and longitudinal calculations and the GP is the centre of the earth's landmass.

The **open coffer** in the Kings chamber, why?

And then the limited information for a larger purpose, the measure of Divine of things, such as the Urim-middin?

[Urim-middin](#) Light measures

“Light is formed of pyramid-like sub atomic particles that have an angular velocity of 144,000 nautical miles per one degree of grid-arc-second.”

Why did the GP require precisely the **144,000** casing stones?

Who was the GP Architect?

Who cut, fitted the giant blocks of limestone and granite, and why to the impossible installation let alone the coincidences of degrees of slope in the ascending and descending passages not to mention the purpose of the cubit measurement and its relation to Daniel 8:14.

144000 casing stones

If the 144000 casing stones are not a hint at the Divine Reality of the **Elohim and the Law of Two** in the Holy Bible, culminating in the Apocalypse, the **144000**, at the great step then how much do you really have to trust in information theory, before you begin to realise what is truth about HWM?

An altar to the Lord in the midst of Egypt.

Isaiah 19:19

In that day shall there be an altar to the LORD in the midst of the land of Egypt, and a pillar at the border thereof to the LORD

The Greater Prophetic purpose?

19:20

And it shall be for a sign and for a witness unto the LORD of hosts in the land of Egypt:

for they shall cry unto the LORD because of the oppressors, and he shall send them a saviour,

and a great one, and he shall deliver them.

Those who checked-out the podcast will note the discussion moves immediately away from the scientific subterranean findings and segways like a bolt of lightning toward

spiritual L1 relationships, to the **human consciousness, resonances, frequencies** from the "Universe"

of **sub-atomics** of quantum functionality.

This language **owned** by the New Age doctrines and are specialists in the UC and L1.

This language is the [pseudo-echo](#) questioning of the L2 with the surreptitious realm of the **L1**.

For those who can recognise the Three Angels Messages of Revelation 14, surely should recognise the pseudo-echo questioning of the L1 and ultimately defines the objectives of the First B and Second B of Revelation 13.

Right?

The L1 is from antiquity, and so is the Great Red Dragon of Revelation 12.

But what about the great irony that had its ancient's leading exponents with the L1 only to see a return and to repeat the defiance of Gd and returns for the last generation.

L1 has morphed and is building out today and everyone is exposed to the snare and yes, it is fully to the religion of New Age, of channelling, pervasive mysticism, rinsed with UC philosophy, and Avatars and develops all formations of spiritualism and even UFOs.

Well, when the angel with the key opens the Bottomless Pit demons are released like a furnace and then they will all feel pretty much at home with everyone into the L1.

But then HWM has preserved those with L2 and keep in mind only the Eternal Righteousness of HWM

prevails in the time of trouble.

Is it sinking in yet?

The guys in the podcast ([here](#)) enter the **woo** and talk about what they believe is 'reality and consciousness'.

These concepts transpire the fullest traits the spiritual 'acoustic fingerprints' of the **L1**.

But guess what,
the interviewee said?

Said with an EMPHATIC statement

"we are god".

And doubles down,
and repeats **"we are god"**.

Those familiar with Bible know the **L1** emphasis is devolved from

And the serpent said unto the woman, Ye shall not surely die:

But when you then realise the weakness of RxF is Self R it is only Self R that can make such a claim based on L1.

So, the L1 is spiritualisms chief weapon.

Whereas the Elohim L2 perspective is sustained in

Psa 82:6, Isaiah 41:23, 42:17

Which is what HWM mentioned in John 10:34.

In other words, the L1 podcast guys warped meaning of John 10:34 and wrapped it tightly to the L1

and by so doing applied the original deviation of Gen 3:4 with what was said by the serpent.

Right?

Whereas, the L2 exposes the entire L1 charade in one big swoop!

So, who then is engineering a **L1 discourse** about the GP?

Why would that not be the equivalent of **philosophies and vain deceit** Paul described in Colossians 2:8?

5A discussed the philosophies previously

in [Northern Universe off limits](#) in respect to

Satan's attempt to enter

the '**sides of the north**' = (**the upper universe**)

as recorded in Isaiah 14.

The podcast guys focus on “**measuring entropy**” in the Universe.

Well, that is based on Christ **who folds the universe as a garment**.
[Hebrews 1:9-12](#).

We now leave the podcast guys with the L1 ‘woo’ the GP is a facilitation mechanism to teleport human consciousness out to the universe and so the only conclusion that exists is the L1 is the creation of the mystery of iniquity.

--0--

The Great Pyramid

American Institute for Pyramid Research

Larry Pahl heads the [American Institute for Pyramid Research](#) and has done a lot of work in the understanding of the GP.

The following vids exhibit some important findings of the Alpha & Omega symbolism, found at the GP

Larry sets out in recent vids there are
four illustration of the Alpha & Omega
arising inside and **outside** the GP.

4 Great Pyramid Alpha Omegas, AΩ part 1&2

Part 1 [here](#)

Part 2 [here](#)

The **Alpha and Omega** outside the GP.

Outside the GP

The first thing to note is the "A" (Alpha) appears larger than the "O" (Omega).

But, why is it outside the GP?
(illustrated @1.45 [here](#))

The answer is the introduction to the plan of salvation which is collated in the interior schematic of the Exodus, with Christ 31AD and Great Step and the 3 Angels
and finally the 5 chambered stones.

In essence the larger **Alpha** = God so loved the world that he gave his only Begotten Son = **Omega** .

Inside the Great Pyramid

Then there are two Alphas "**AA's**" in the descending passage

Psalm 110:1-4 = the descending passage for HWM was as the sent Rod of Psalm 110:2.

The "**AA's**" are the Two Elohim = John 1:1

Then there is monogenes theos of John 1:14.

That is, the One from above, descending.

Descending Passage

The descending passage are these two Alpha's. (@2.14 [here](#))

Two Alphas as in 2 letter A's **inverted**

within the **Ω** Omega

Prior to the Resurrection you have the Alpha and Omega as the Divine Spirit within the flesh of human genetics.

That is why they are both together in the first 3 depictions and according to Larry present the **Two-In-One** being of Revelation 5.

And that is correct since,

The greater "**A**" is the Lord of Hosts, = Melchizedek within or lowering of himself into human genetics.

That is why Larry's explanation reveals those first 3 Alpha and Omegas as united as one. Which according to Deut 6:4 is **Echad one, not Yachid one.**

If Yachid one, the symbolism for Yachid would be different.
There would be no Alpha & Omega.

Right?

The advanced research here at 5Agendas
according to Scripture reveals :

That

Eternal # 1 was a separate Anthropomorphic Being from Eternal # 2

Both, being Alpha and Omega, but the second lowered himself and died by descending into the grave.

After the Resurrection, They Both sit on one throne,
as two separate Beings. See Rev 22:1
While Larry stated here at [5.35-45](#) that there is an
advanced "mature understanding of God".

Yet, he didn't present it, nor define it.

**Well from the Biblical standpoint
that conclusion is correct.**

How?

**The only Divine Reality is Eternal Righteousness
Is entirely based on **John 1:1** and
the **Law of Two.****

Whereas, the advanced insights about ER of HWM
All provide proof the L1 is false
in all its manifestations.

Whereas, John 1:1 presents Two separate Anthropomorphic Beings and
Both had the same nature prior to the Incarnation
= Spirit.

Whereas, when we reach the **empty coffer** Larry's friend **Robert Grant**
found the etching of the Alpha & Omega
in 2018. Both expressed profound wonderment,

But of course, the Bible already tells you that the etching of Alpha & Omega
confirms Romans 1:4 and then
Revelation 22:1,2

Just as HWM's Divine Status as "The Word"
Testifies to what is His Eternal Righteousness

But also why He claimed I Am first and Last = A&O

Whereas, ER defines Eternal #1 who is A&O overall all things

Whereas Jesus Christ as Alpha and Omega **Eternal # 2**

who submits himself to **Father #1**
after **placing all his enemies under his feet.**

1 Cor 15:25

Right?

John 1:1 is not a Binitarian concept of 2-in-1.

Binitarian ignorance is very common and prevails as another poorly informed academia who are yoked permanently to theological ignoramus

that arises because of the constant misuse of **YACHID**,

rather than the fact what **ECHAD** portrays which is a Duality
who **agree in one** = **John 1:1**

The Elohim, are the **Us** of Gen 1:26

They are the **Two Divines**

Who conferred in the **Counsels of Peace** = **Psalms 110**

Therefore, when ECHAD ONE is correctly applied in Deut 6:4 which is based on John 1:1 it means that **ECHAD confirms L2**

Therefore it is impossible that **Yachid 'one' of the L1**
to be truth.

Therefore Deut 6:4,8 relates to Isaiah 2
and the consequential
of Rev 13

Whereas, John 1:1 eternal holds that the correct position of the Eternal Godhead is correctly defined as the Two of Them.

The Elohim **prior** to the Incarnation.

Alpha * Omega in GP

John 1:1 had to be = "**AA**" in the vid @ [2:15](#) here .

AA = Alpha, Alpha
= Psa 110
= Heb 7:21

Yet in the 'descending passage' the "**AA**" is based on

Alpha, as **Root of David** and
Omega as **offspring of David**.

Because Christ considered it **not robbery to be equal with God, but lowered himself**.

This lowering plus the human genetics
produced the **two-in one**
monogenes theos John 1:14

He would then say and confirm

= I AM Alpha & Omega.
= FIRST AND LAST

Right?

**The first and last – the only to ever be
"Alpha & Omega."**

Right?

Unfortunately, Larry Pahl wasn't able to name or identify the Alpha and Omega in the Biblical form **"Root and Offspring of David."**

Which again is why those forged with Laodicean mindsets hold endlessly with FB 2,4 and the L1 and know not otherwise.

And due to the power of the L1
are do not have eyes to see,
let alone ears to hear.

Right?

It is aptly said - **Who then hath believed our report?**

Larry mentioned that there were 3 or 4 designations which in the Bible are obvious, but in the GP based on the unity of the first 3 Alpha and Omegas and
a **change of symbolism** at the Empty Coffin
it is not so obvious.

First and the Last, Beginning and end.

Yet, the missing factor in all of this, is the strange union of the Two **AA** at the descending chamber and this can only be explained by way of the **two-in-one**

Revealed in Revelation 5.

So the higher **A** outside in contrast to the lower **O**
does reveal John 3:16.

A massive superimposed symbolism as of John 1:1

and John 1:14.

Whereas, the two double **AA**'s next to the scored lines of the descending passage (6:41 [here](#))

represent **John 1:1** and **1:14**,

and the latter being seen as the double **AA** in the descending passage = **root and offspring of David**.

The double **AA** = ALPHA ALPHA
is based on **John 1:1**
prior to the Incarnation,

but more specifically, in reference to what took place when Mary was overshadowed by the Holy Spirit.

This transition is seen in the Great Pyramid at the timeline of **Christ 31AD** as well as the **descending passage** which
Provides the metaphorical description of the grave or underworld.

The coffer etched inscription presents the **Alpha** and **Omega** as **two separate individuals** and this is Revelation 22:1,2

And Rev 22 reveals God and the Lamb, and there are two separate Beings or Alpha and Omegas.

Whereas the original arrangement was **Eternal # 2** becoming a **two in one** with the flesh of human genetics.

OK, good

There is another “A&O” etched at the ascending passage and it is reasonable to say this is linked with the Queen and Kings chamber.

It is now rather obvious that the foundation on the bottom and the limestone passage can be defined in the following way.

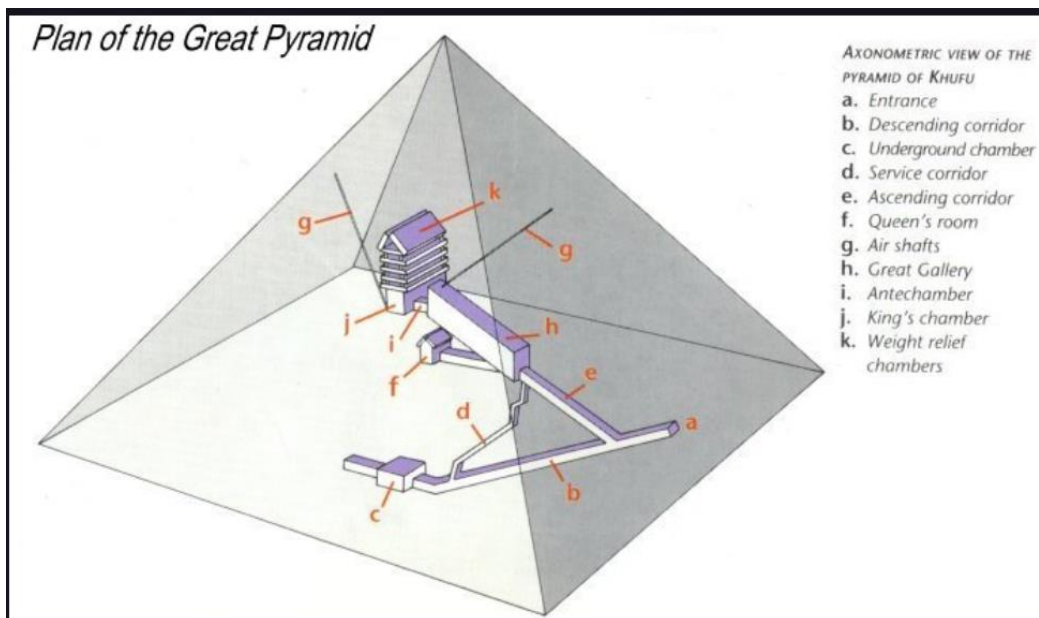

The Bedrock bottom of the Pyramid = [Isaiah 27:9](#) = strong foundation.

Matthew 7:24-25

²⁴ Every one therefore that heareth these words of mine, and doeth them, shall be likened unto a wise man, who built his house upon the rock: ²⁵ and the rain descended, and the floods came, and the winds blew, and beat upon that house; and it fell not: for it was founded upon the rock.

PLAN OF THE GREAT PYRAMID

diagram. [credit: Larry Pahl.]

Plan of the GP. credit Larry Pahl

Limestone

The subterranean chamber is linked with **30 feet long** and **30** is a biblical number = dedication [here](#)

and there is the Limestone square box above letter **C**.

There appears to be an A&O according to Larry 'upward' on letter **d** which appears to intersect with Queen and Kings chamber

and possibly **e** which is Christ 31 AD,
just prior to
the Grand Gallery.

The entire matter appears to be in line with the
Altar in the Court, as the bottom

can be related to the bottom chamber
and **#30** is dedication.

Also, there is the
connection between letter **d**
where the Alpha and Omega is located higher,
and then, the end of **e** = Christ 31 AD.

Queens chamber is interesting as it is symbolic to the
Tabernacle of the Congregation,
the corporate bride of Christ;

yet, with represents there a **downward spiral** as well.

Proof is that it would be equivalent to the Queens chamber because Holy Place is **not** present in Ezekiel 9.

That small detail is very important

in respect to the Seal of God in the sealing time of the 144. Why? The sealing occurs in the **Court**, not the Holy Place.

And that then leads to the final destination after the Altar in the Court.

Whereas the final destination of the ascending is symbolised as the Kings chamber.

The conclusion is what Larry stated in his vid.

There is a warning at the end regarding Alpha and Omega.

Now with the descending passage to the subterranean = abyss this would immediately be

in reference to the **L1** and the **Omega of deadly heresy.**

Which is The Eternal Son. FB 4

Which is the Unpardonable sin **(UPS)** all courtesy of the L1

because the mystery of iniquity
attributing Omega
to the Alpha.

That is a huge NO NO!

Why?

Because You are dealing immediately with the First angels warning And that warning is all about the attribution of the Omega status of Jesus Christ to His original Alpha by saying He was God the Eternal Son FB #4 in eternity.

That is the UPS
in the context of the 3 Angels messages
and the 1260, 1290 and 1335 days.

And therefore God warns
three woes exist for mankind!

The Two Alpha and Omegas etched on the Coffer
are **separate** and distinct apart,
and why?

On account of the Incarnation.

Eternal # 1 is Alpha and Omega over all things
and

Eternal # 2 is Alpha and Omega as **the root and offspring of David.**

The union of the **Two in one Being** = Revelation 5

who by the time we reach the coffer,
the coffer is empty and etched
with Two separate Identities

The Alpha and Omega etched on the coffer.

So, just what is the Alpha and Omega meaning
as defined by the Bible?

Answer

It's the **Key of David** in the form of

- **The Alpha** = Eternal righteousness of the LAMB SLAIN **prior** to the foundation of the world. = I AM Alpha

God said this detail will be the #1 theological issue in Rev 14 and its described in limited information in Revelation 13:8

**Because the context of Rev 13
is the First and Second beasts
and the 1290 days of Matt 24:15.**

It defines also the rejection of the L1

⁸ **And all** that dwell on the earth shall ^[a]worship him, [**First B**] *every one* whose name **hath not been** ^[b]**written** from the foundation of the world in the book of life of the Lamb that hath been slain.

Rev 13:8 is synonymous with **Law of Two**
the **Root of David**.

- As The **Alpha HWM** was **before** David and
- As The **Omega HWM** to be the **offspring of** David.

Revelation 22:13-16

¹³ **I Am the Alpha and the Omega,**
the **first** and the **last**,
the beginning and the end.

¹⁴ Blessed are they that wash their robes, that they may have ^[a]the right *to come* to the tree of life, and may enter in by the ^[b]gates into the city. ¹⁵ Without are the dogs, and the sorcerers, and the fornicators, and the murderers, and the idolaters, and every one that loveth and ^[c]maketh a lie.

¹⁶ **I** **Jesus** have sent mine angel **to testify unto you** these things ^[d]for the churches.

I Am the root **and the offspring of David,**
the bright, the morning star.

**So why was the
Alpha & Omega's
recorded in the Great Pyramid**

It is the final step that Larry P discovered in relation to the GP.

The GP introduces the matter at the Exodus point, since Moses was to **copy** the **Heavenly Sanctuary = Heb 8:1-5** that God presented to him on the Mount.

The whole idea is based on the
Eternal Righteousness of the Lamb slain
prior to the foundation of the earth. Revelation 13:8

It simply means that when
Christ made the decision to be
born **on earth** and **die as a sinner,**
that marked
the slaying of Eternal Righteousness
in the heavens **prior** to the Fn of the world.

Opposite was the mystery of iniquity.

So, the **Exodus time line** brings in the Type,
in the form of the construction of the Sanctuary

in relation to 2 Timothy 1:9

⁹ who saved us, and called us with a holy calling, not according to our works, but according to his own purpose and grace, which was given us in Christ Jesus ^[a] **before times eternal,**

The **Exodus date** is recorded **in the GP** and revealed the **Patriarchal sacrifice** = slain Lamb on earth,

as a lesson book about
Eternal righteousness

which was that of the slain Lamb prior to the foundation of the earth as the **starting point** of the 5 Agendas of the Sanctuary Doctrine. John 4:22.

Exodus revealed the construction of the Type from the original Alpha on the mountain.

Later, the **GP** takes us to the 'Christ angle' in 31AD.

- This reveals the **Omega or offspring of David.**

- **The Son of God according to the flesh or seed of David.** Rom 1:3

Encapsulated within that timeline and revelation of Christ are the 4 Spring feasts. For example

First Fruits - marks His **return** to the **Alpha** in the form of the Resurrection and Great High Priest of the Order of Melchizedek,

yet fulfilling '**Melchizedek**' who was
made like unto the Son of God
= **Omega sonship**.

yet at the **Resurrection** when
Christ retook his former glory
along with the addition of the
human genetics of Mary
which were swallowed up
by the Resurrection

yet, were in combination with the Divine Spirit
as the uniquely begotten Son of God = **Omega**

who was officially defined **as**

**Son of God by way of
the Resurrection from the dead. Acts 13:30-33**

= Both aspects of Melchizedek
= Alpha and Omega.

Romans 1:3 and Romans 1:4.
Hebrews 6:19-20

SEVEN CHURCHES

The next scene in heaven takes us to Revelation 1,2,3,4 as Jesus Christ exercises his High Priestly ministration of

corporate repentance on behalf of the 7 churches.

5 of them needed to repent.

Neither **Smyrna** or **Philadelphia** had to repent

they both found favour in Jesus Christ,
whereas the other 5
needed to repent.

So, this was the "Daily" in the Christ timeline on the GP.

The **Great Step** involves the **final Atonement** and the Queens chamber appears to represent the **Transgression of Desolation**

just prior to the **Great Step**

in the form of the '**mystery woman**' of Revelation

whose "desolations" and "Transgressions" were based on the **first 5 fallen Kings** of Revelation 17:10.

It appears that on the GP chart they have 33AD listed but that is incorrect, but notice what lays directly to the left of the 31 AD marker?

The Queens Chamber

The Queen's chamber.

This is precisely the point of the Matthew 20 timeline between the **hours of 9 and 12** = **Transgression of desolation.**

This is another reason as to why Laodicea is wrong in reference to the use of **538 AD**

Since there is a **discrepancy** by way of a **46-year** differential between 1798 and 1844.

Daniel 8:13 asks the question **how long** or **until when** = Admatay and the answer is **1844.**

The Miller chart is wrong.

Egw mentioned that there was an error in the figures and that the figures would be corrected when God would removes his hand. EW74

Here is the answer.

554 AD is the correct year of **Justinian's Royal Pragmatic Sanction** restoring unity to both Western and Eastern Europe.

The woman of Revelation 17:10 **reigned** through her **first 5 Scarlet Kings**.

The 5th one being **Napoleon** who

slept an entire night in the GP and received by way of a frightening portent that he kept silent, yet he was given information about being an Emperor. [here](#)

So, he is the **5th King** of the **Holy Roman Empire**.

554 AD + 1260 = 1814 and that was the date of his defeat at Waterloo, when he had his crown removed.

554 AD + 1290 = 1844.

Napoleon's path was the route of the **Queen's chamber**, since he was that 5th King of Revelation 17:10
= Transgression of desolation

but when his allotted time was up, 1814

that fact confirms the First Five kings and the 1260 years from 554AD map of Europe, namely the kings whom the woman rode being from Justinian, Charlemagne, Otto the Great and Charles V finally terminated with Napoleon and that opened the way to the Great Step being 1844

Ascendance

The GP presents the concept of **two** Forms of ascendance
One being correct and the other a counterfeit.

One important detail that Larry over looked,
or didn't realise to look into,
deals with the Great step

and since that is
The case it is to be noted
the GP is linked with
The parable of Matthew 20

and the Final entrance into the Kings chamber
Is marked by the parable of the 10 Virgins
whose final journey is into
The Kings chamber.

The idea of the
Capstone while depicting **Alpha** is an
Effort to **sit** in the **Northern universe**

Which is why certain guys were planning to fly a capstone by helicopter and
place it on the GP. This Never took place as an event in The year 2000. Jean
Michele Jarre was supposed to play the music.

5Agendas has produced an original music score to Isaiah 19:19.

FACT is that the time-lines of the GP commences with the Exodus just as it is
stated in the verse which in the parable of Matthew 20 is **6:00 AM** the First
hour of the working day.

Another
Critical aspect

is the descent of the
**Alpha and Omega all the
way down to the bottom or foundation.
The nadir of the condescension.**

It is reasonable to say it was in reference to the
descending chamber and by hitting
Literally rock bottom

this confirms HWM as
the foundation of the GP

which then over time there emerges the 'household of Christ'
which culminates in the Kings Chamber.

There is also an **ascending
Passage** that leads
from the bottom of the GP
and merges with the **Great Step**.

Larry Pahl [here](#) at 5.45 marker
explains the 30-33yrs and Christs Resurrection

It is most likely the '**resurrection**'
since the ascent into the

Kings chamber involves the **two phases** of the
'daily' (Ha Tamid) = Leviticus 4 = type of Dan 8:13

with the **second phase** of the 'daily' apotelesmatic bringing in the matter of the 7 churches, and corporate repentance

which leads into the **great step** as agenda #3.

Then the **granite plug prior**
To the entrance into the **Kings chamber**
and the roof appears to be

The 10 commandments
in relation to
The third angel and the **patience of the Saints** in relation to the
first commandment which is confirmed by the First Angel

which expressly prohibits the
worship of graven images

such as the **L1** and translates to the image of
The Beast or Transgression of desolation = abomination of
Desolation in real time,

which fits like Hand and glove
with the First and second commandment
which was the issue during Nebuchadnezzar's reign.
And in the end,
The great step is the counterfeit 'oppressive' law out
Of J city.

This is exactly what is stated in Isaiah 2:3.

ENOCK

Since Isaiah 19:19-20 mentions altar to the Lord in the midst of Egypt and Isaiah lived approx. 780BC why would Isaiah mention the Great P as an altar and a sign and a witness?

It is reasonable to see the GP was already much older than Isaiah under inspiration who was re-establishing what was attributed to Enoch prior to the Flood.

A **sign a witness** and **an altar in the midst**, and the Great One = HWM who is Saviour would prevail with 144
via the 5A of the Sanctuary Doctrine of John 4:22

The **Enoch** premise about the GP entails a departure from the planet and Enoch walked with God for 300 years **and was taken**.

Many years ago in relation to watermarks on the GP there was discussions that the GP may have been constructed by Enoch.

Also a YT video once existed of a remote viewer which is a very dubious science. Yet this one was interesting since the source of the remote viewing was tied the issue two Extra Terrestrial factions.

Now let's keep something in mind - that this is true,
because based on John 1:1 and the L2 contains the facts
in beginning was God who is anthropomorphic
and HWM is Anthropomorphic and neither are from
This planet.

The antagonist being Satan

who is a created angelic being, who attempted to be like the Most High.

Also the fact that HWM dwells in inaccessible light where no man can go and Satan's former residence was Heaven.

So, in respect to the GP, there appears to be a dichotomy of two opposing theological systems in the GP dealing With Descent and Ascension.

Both concepts reveal

1. The Eternal Righteousness of the Elohim
2. The mystery of Iniquity

And both are symbolically visible in the structure of the internal schematic of the GP galleries

This underlying theological coexistence of "ascending and descending" reflect the nature of our planet

and the spiritual struggle in relation to what is conclusive evidence that exists from the First Angels warning which is to worship HWM = L2

confirming the John 1:1 and the L2

Not the L1.

Those who have been following regular discussions here about the Eternal Righteousness of HWM know conclusively the antithesis of the 3 angels message

is the **L1** and it is **the UPS**.

Keep in mind there is a true and a false Ascension

The **L1** borrows "Ascension" like in respect to one's consciousness teleported to the Universe

which is another major snare, upon another major snare about the Universe and the MOB.

And of course **never forget** that self-Righteousness is the weakness of RxF and is fully confirming of the mystery of iniquity, anyway.

Whereas the **L2** is augmented by **The seal of Gd, ERxF, the Eternal Righteousness of HWM**

Is it possible that the agency behind the remote viewer was Forced to tell the truth? Why?

Because the remote viewer stated there was a building program which the 'viewer' abandoned at the Exodus from the Land of Egypt thus confirming what is Stated in Isaiah 19:19.

Yet the internal structure reflects a greater Exodus after the Exodus start off point on the GP, and the Greater Exodus which is the Great Step

and

That from the lowest part of the GP there is an **ascending** passage which unites with the prophetic time line,

As in an intersection just prior the great step

Which can be concluded is part of the "daily" of John 4:22 as in The timeline of Corporate forgiveness just prior to the Great step = 1844.

The internal schematic aligns with the parable of Matthew 20 in conjunction with the "Daily" of the type in Lev 4

And therefore it is reasonable to conclude that just Prior the entrance to the Kings chamber there is **granite plug** most likely to be in reference to the 3 Angels

and the 7 N being the "great step" obstacle to the Entrance of the kings chamber.

5A solely adheres to the dictum of ISAIAH 19:19

in the form of a riddle

"IN THE MIDST AND BORDER OF THE LAND OF EGYPT" .

A former Coptic Christian from Egypt stated
Only the GP Fulfills this prerequisite.

For additional 5A research, and discussion about the internal
schematics within the Great Pyramid
