

Revelation 6

White Horse rider

It's history and imminence

Much has been stated about the 4 horsemen of Revelation 6.

Yet, to many, It still remains a theological enigma in reference to who, was, or is, the white horse Champion rider, who conquers with the Bow.

At the present time, the particular Symbolism is a well-established fact of history, the arrival of a champion, who obviously speaking,

is **not** Jesus Christ
on account of specific reasons.

After his arrival, conditions in the world
Go from bad to worse with
each succeeding horse.

This succession of worsening conditions
has to show up somehow or somewhere
in world history.

This in fact is **one** of the keys,
that unravels the mystery;

yet, there is **one more critical factor**
that partitions the prophecy
of the 4 horses riders

and its Apotelesmatic principle
which is a fancy word denoting the fact that
This terrifying prophecy has a dual
Application.

It appears that the 'White horse rider'
was actually Constantine,

who supposedly was the
first Christian Emperor

and two accounts mention that he was told
that he would conquer.

The first Account took place as he was crossing the Milvian bridge.

We are told that he witnessed a cross,
a Labarum which assured his victory
against Maxentius
The rival Roman Emperor .

A second account was supposedly from a dream.

From a biblical perspective

 It appears that this victory truly came by
Way of the Edict of Milan in 313 AD
which prepared the way for
a continental unity,

that is much desired by many
Politicians in Western Europe
in the 21st Century

and by

Looking into the past, we receive a

Glimpse of the future, and this is a prophetic
Interpretive principle found in the Bible,

Particularly in reference to the events which are presently transpiring in the nations of Western
Europe after the overthrow of Muamar
Kadaffi.

This is specifically referring to the migrant crisis.
Along with this matter comes the issue of
Social syncretism of Christianity
with paganism,

is what appeared to be what effected change
in the Roman Empire

And brought its fierce aspect into a
Dormant stage
the "**is not**"

and this can be labelled as the
first social order of the
church of Rome.

This eventually led to the merger
of both the Eastern and Western Roman
Empire

just prior to
the invasion of the
GERMANIC tribes. here

It was a migrant crisis that forced the Visigoths
to flee into the territory of Rome in order to
escape from the Huns.

This in turn resulted in another crisis,
which was the sacking of Rome by
the Visigoths in 410AD.

The white horse rider,
held Europe together
from 324 AD
to 337 AD,

being the sole Roman
EMPEROR during that time frame.

It was this Change in the empire
which was a Trojan horse
for the Church at Rome.

The book of Revelation refers to this
Time frame as the "**is not** " period of

The Roman Empire,

which HWM referred to it

as **the Beast** that **was, and is not**
and 'yet is' and
is to ascend out of
the bottomless pit.

The key to its apotelesmatic principle
in the last days is **Revelation 6:9-11**

which is clearly presented
in Revelation 20:4.

The events regarding the phase 2
rise of the white rider,
culminate in what?

Culminate by way of
The restoration of the Beast **that was**.

The "**is not**" Period that began with Constantine
and traversed the total
Spectrum of the 1st and second social
Orders

being Justinian, Charlemagne,

Otto the Great, Charles V, Napoleon,
The Hitler-Mussolini axis and finally
The Great monarch

concludes the "**is not** " period
by way of the present Migration crisis
being seen today.

> **For there are seven kings: five are fallen, and one is, [and] the other is not yet come; and when he cometh, he must continue a short space.**

This Matter which goes hand-and-glove
Alongside the **PUSH** from the
King of the South

is what prepares the way for
The arrival of the .
Beast that was and
Presently **"is not".**

YET it will ascend from the place last seen when the Nazis escaped down to the South lands of Brazil ,
Argentina, Paraguay and further south
to the bottomless pit.

The present scenario is being blamed on Islam
which appears to be
Creating a brief but 3rd social order

which at this point in time has become

untenable to Europeans and at the same
Animosity is being seen in the US.

In the Devil's playbook it appears to be by
Design.

What appears to be the last portion
Of the second social order of the
Roman Church and the Islamic aspect
As a third social order

there is another

aspect of the second social order
which can also be referred as a third
Social order

would be if a new reformation
were to take place based on the
counter reformation of faith and works

this would indeed be a third social order
preparing the way for a 4th social order
promoting the concept of both faith and works
and preparing for what?

Preparing for the way for the Noahide Covenant
which is now being promoted starting
this very same month of November.

So whether it remains as latter part of

Of the RCC 2nd social order
or becomes
A third
it will still remain as what?

A one g Social theological Construct
which will continue as a 7 N partnership
which **ISAIAH 2**
REFERS TO AS

STRICKING THE HAND WITH FOREIGNERS .

It Appears that the partnership will remain in place,
yet the cultural elements for both groups
will have no importance after both
are taken down.

Let it be REPEATED

the cultural elements for both groups
will have no importance after both
are taken down.

The Islamic one G and the RC one G
Remain in place by way of the 7N

And later a final push for total control
At the time of the Abomination

= Matt 24:15
= 1290 days of Daniel 12

Yet, the 3 sections of the great city
remain up to the time of the
great earthquake in
Revelation 16:19.

> And there were voices, and thunders, and lightnings;
> and there was a **great earthquake**, such as was not since men were upon the earth,
> so mighty an earthquake, [and] so great.
>
> 16:19 And the great city **was divided into three parts**, and the cities of the nations fell:
> and great Babylon came in remembrance before God,
> to give unto her the cup of the wine of the fierceness of his wrath.

If indeed the second social order remains
or later morphs into a third social
Order of the "**is not** " period

is still not clear,

yet there exists a crucial feature in prophecy that dare not be ignored and that is the
Events of Revelation 17:12-16
and Revelation 18

And both reveal that the church of the scarlet woman
and its latter phase,

whatever you might chose to call it,

falls, only to lose completely

its social status,

just as Islam will
during the events of Daniel 11:40-45.
